Carsten Gerlitz, born in Berlin, studied music and information technology. He is an accomplished musician, choral conductor, composer-arranger, and author for a number of publishers and labels. In addition, Carsten owns and operates a fully equipped recording studio where he produces musical, as well as narrative works for a wide variety of professional clients. His a cappella choir, THE HAPPY DISHARMONISTS, have performed, toured, and recorded for many years, and the numerous CD's and being awarded the coveted Berlin Culture Prize attest to Carsten's creative talents! In 2006, his book „Pop Ballads" was awarded with the Deutsche Musikeditionspreis BEST EDITION for the best German musical edition.
