

## Preface

First of all, many thanks for your interest in my music. This music is challenging, but accessible. The style of jazz is unique in that what is played is nearly impossible to notate ('smears', bending of pitches, and interpretation of rhythms, etc.). The notation in this volume is similar to that of Johann Sebastian Bach, in that the interpretation is left up to the musician. I provide just a few suggestions (tempo and style) but the rest is up to you. 'Ad lib' solos are present merely as a guide. Please feel free to alter them to suit your own improvisations. I sincerely hope that you will enjoy playing this music.

In addition, my sincere thanks to my friends, Lukas, Guido Rennert, Julia Baldauf, Simon Kunst and Jena Whigham, for their inspiration, and dedication to this project.

This "Suite" is dedicated to the memory of Buddy Morrow and Steve Gray.
